# PROPHETIC STUFF!

Bill Witte was Dan "Tito" Davis' wrestling coach in the eighth grade in 1967.

Perhaps he put in best - when describing Tito's approach to wrestling - and evidently, life in general.

"He made it to the state tournament. He was a very, very scrappy kid. The interesting thing I remember with him is, he did not really have much regard to...maybe some of the consequences...he tried moves that if they didn't work, he could end up in trouble.

He thrived on trying things that were unorthodox, like a 'suicide roll' - *that he had a definite risk of getting caught halfway through the move.*"

# ABOUT GRINGO

Conceived during Tito's home stretch, the book was born behind bars.

Having been deprived of most of his money, valuables, possessions, and property, Tito turned to his available ally and asset – his story.

He took the first available deal that gave him any money – more need driven, than greed driven – and “Gringo” was humbly published in 2017.

Despite the fact there was no publicity or marketing around the release of, “Gringo” – and nor for its subsequent reprints – **the book has gone on to sell over 75,000 copies across formats worldwide.**

“Gringo” was number one on the Amazon Best Seller list in its genre, and **has remained on the Best Seller list every year since its publication.**

What began with wanting to tell a story, became a book. The book became a success. And now, we believe that the story should expand its horizon.
